Past Week:

HOVENSA, St. Croix, USVI: The HOVENSA ERT is proceeding with closure of Landfarms 2 and 3. Transportation of soil to Landfarm 3 (for the stabilization layer) was completed October 29th. Grading of the soil in Landfarm 2 has begun and after it is complete, grading will commence in Landfarm 3. Despite weather impacts that resulted in ten days where landfarm closure activities were halted, the ERT remains on track to meet the December 15th completion date for closure activities. Of the approved \$1,168,931 landfarm closure budget, \$676,000 was included in the 2018 budget and \$492,931 was scheduled for the 2019 budget. With the ability to complete closure activities sooner than anticipated, the ERT is preparing a letter to EPA requesting that \$392,931 be reallocated to the 2018 budget. This will leave \$100,000 in the proposed 2019 budget to cover the costs of the final report and certification activities that will occur in 2019.
